

COURSE OUTLINE

The Certificate III in Carpentry provides comprehensive training, covering all practical and theoretical aspects of the trade. On completion of this training, you will be qualified for various carpentry roles including commercial carpenter, residential carpenter and formwork carpenter.

CPC30220 – CERTIFICATE III IN CARPENTRY

CRICOS COURSE CODE
117029D

ABOUT THIS QUALIFICATION

This is a trade qualification for carpenters in **residential and commercial workplaces**. It includes setting out, manufacturing, constructing, assembling, installing and repairing products made using timber and non-timber materials.

RESIDENTIAL & COMMERCIAL WORKPLACES
Gain skills to work in a variety of residential and commercial settings.

WORK WITH TIMBER AND NON-TIMBER MATERIALS
Learn to work with a wide range of timber and non-timber materials.

BUILD YOUR SKILLS

Gain practical skills for the building and construction industry.

SHAPE YOUR FUTURE

Develop your career in a growing and essential trade.

PRACTICAL HANDS-ON TRAINING

Learn by doing with real industry projects and experienced trainers.

BUILD A STRONG CAREER IN CARPENTRY

Opportunities in a variety of construction and carpentry careers.

EDUCATIONAL PATHWAY

On successful completion of this qualification, participants may progress into further studies such as the PC40120 Certificate IV in Building and Construction.

On successful completion of this qualification participants may find employment in Individual Support Industry as a: **Carpenter**

*It is not, however, intended to indicate that an individual will gain immediate employment on completion of this qualification.

EXIT PATHWAY

Participants obtaining a competency in all units in the course would be awarded with a full qualification CPC33021 Certificate III in Carpentry,

this would include a Certificate and a Record of Result. Participants who leave the course in the middle or not obtaining competencies for all units would receive a Statement of Attainment, indicating the actual number of units they have achieved competency.

FEE STRUCTURE

Admission Fees: (Non-refundable): \$250

Material Fees: (Not limited to books etc): \$2250

Tuition Fees: \$17,000

Total Course fees: \$20,000

Unless otherwise specified, Total course fees include all the training and assessment as well as required resources and textbooks for participants to achieve the qualification or course in which they are enrolling.

INNOVATIVE

INSTITUTE OF AUSTRALIA

ENTRY REQUIREMENTS

Age Requirements

Students must be of 18 years of age to apply

Academic Requirements

Satisfactory completion of the equivalent of Australian Year 11 or higher

Physical Requirements

Must be physically able to work in the automotive industry, including safely lifting, carrying, and handling heavy equipment and parts (such as removing and installing engine electrical components).

English Proficiency Requirements

To enrol in a course at Innovative Institute, applicants must meet one of the following English language proficiency standards:

- **Pearson Test of English (Academic) – PTE (A):** Minimum overall score of 42, with no communication band less than 36.
- **IELTS (Academic):** Minimum overall band score of 5, with no individual band score below 5.0.
- **TOEFL iBT (Internet-Based Test):** Minimum overall score of 50, including: [Reading: 5 | Listening: 5 | Speaking: 14 | Writing: 15]
- **Cambridge English:** Advanced (CAE): Minimum score of 162, with no component score below 154.

For Level 1 countries students, they must successfully complete Language, Literacy, Numeracy, and Digital skills (LLND) Test administered by Innovative Institute of Australia.

COURSE STRUCTURE

Participants need to complete twenty-five (25) units of competencies, within the CPC training package at Certificate III level.

This qualification has:

Core Units = 27

Elective units = 7

Total duration of the qualification is 64 weeks including 9 weeks of term breaks.

UNITS OF COMPETENCY

CORE UNITS

CPCCCA2002	Use carpentry tools and equipment
CPCCCA2011	Handle carpentry materials
CPCCCA3001	Carry out general demolition of minor building structures
CPCCCA3002	Carry out setting out
CPCCCA3003	Install flooring systems
CPCCCA3004	Construct and erect wall frames
CPCCCA3005	Construct ceiling frames
CPCCCA3006	Erect roof trusses
CPCCCA3007	Construct pitched roofs
CPCCCA3008	Construct eaves
CPCCCA3010	Install windows and doors
CPCCCA3016	Construct, assemble and install timber external stairs
CPCCCA3017	Install exterior cladding
CPCCCA3024	Install lining, panelling and moulding
CPCCCA3025	Read and interpret plans, specifications and drawings for carpentry work
CPCCCA3028	Erect and dismantle formwork for footings and slabs on ground
CPCCCM2006	Apply basic levelling procedures
CPCCCM2008	Erect and dismantle restricted height scaffolding
CPCCCM2012	Work safely at heights
CPCCCO2013	Carry out concreting to simple forms
CPCCOM1012	Work effectively and sustainably in the construction industry
CPCCOM1014	Conduct workplace communication
CPCCOM1015	Carry out measurements and calculations
CPCCOM3001	Perform construction calculations to determine carpentry material requirements
CPCCOM3006	Carry out levelling operations
CPCCWHS2001	Apply WHS requirements, policies and procedures in the construction industry
CPCWHS3001	Identify construction work hazards and select risk control strategies

ELECTIVE UNITS

CPCCCA3009	Construct advanced roofs
CPCCCA3012	Frame and fit wet area fixtures
CPCCCA3014	Construct and install bulkheads
CPCCCA3018	Construct, erect and dismantle formwork for stairs and ramps
CPCCCA3019	Erect and dismantle formwork to suspended slabs, columns, beams and walls
CPCCOM1013	Plan and organise work
CPCCBC4006	Select, procure and store construction materials for building and construction projects

COURSE DURATION

This qualification is at AQF level L3 which is described in the AQF as the following: The volume of learning allocated to a qualification should include all teaching, learning and assessment activities that are required to be undertaken by the typical student to achieve the learning outcomes. These activities may include some or all the following: **[guided learning (such as classes, lectures, tutorials, or self-paced study guides), [individual study, [research, learning activities in the simulated workplace and [assessment activities.]]]**

The Volume of learning for this qualification does include Face to face structured training sessions, training support provided to students in groups and one on one, guided structured learning activities, student individual reading and research, assessments, feedback reviews.

The course comprises of **64 weeks**, including holidays and term breaks.

Note: If any class days fall on a public holiday, then the session will be allocated to another day in that week.

RPL/CREDIT TRANSFER

Students with prior learning and work experience can apply for RPL. Recognition of prior learning evidence must include but not limited to, of the following: **[Work experience [Life experience [Previous study [Professional development programs]]]**

Students who have completed corresponding units of competency and/or units contained within the packaging rules can apply for Credit Transfer.

If you wish to apply for RPL or Credit Transfer, please notify the Institute at the time of enrolment

Assessment methods used for this qualification will provide a range of ways for individuals to demonstrate that they

have met the required outcomes including:

- Written Questions and Answers
- Projects
- Role-play
- Simulations
- Observations

At the beginning of each unit, trainers will outline the assessment tasks that must be completed.

The Institute's main campus is very closely located to the heart of beautiful suburb Oakleigh and its magnificent retail, cultural,

dining and business districts.:

1A Palmerston Grove Oakleigh VIC 3166

with significant public transport access for surrounding areas. Palmerston Grove is a busy street and has many small businesses and cafés around. This location very close to Oakleigh Central and 450 meters from Oakleigh Metro station

Simulated Workshop:

8 Prowse Street Brunswick VIC 3056

Simulated is conveniently located near Anstey Metro station.
